Thank you all for coming to Charleston today to discuss this very important issue. I believe much ground was covered and am optimistic we can reach agreement on the matter very soon.

Attached is a one page document we prepared in advance of today's meeting that outlines the issues we discussed and raises the questions we believe need answered. I think we covered all of the items on the list but wanted you to have a written copy as we prepare to discuss the specific permit applications over the next few weeks.
